1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows: This application is in condition for allowance except for the presence of claims 2, 8-15, and 18 to species non-elected without traverse. Accordingly, claims 2, 8-15, and 18 have been cancelled.

3. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest a magnetic head having a support, a magnetic element with a magnetic functional portion mounted on the support, the magnetic element being a laminate with a plurality of films, the magnetic functional portion being in the intermediate portion of the magnetic element, the magnetic element having a shape with a portion outside the magnetic function part, the shape of the portion outside the magnetic functional portion more retreats from the recording medium than the magnetic functional portion, where the magnetic element comprises an upper shield layer, a lower shield layer, each being of a magnetic material, and a magnetic sensor portion located between the shield layers and functioning as the magnetic functional portion, and the portions of both shield layers outside the magnetic functional portion retreat from the magnetic functional portion.
